

# Are you newly pregnant?

From 22nd February 2021 there is a new way for you to register for maternity care at Portsmouth Hospitals University NHS Trust. You don't need to contact your GP - we will do that for you.

Simply register using this website:

<https://www.pregnotes.net/SelfReferral/CareLocation/SHIP>

This will notify your midwife team at Portsmouth Hospitals University NHS Trust who will contact you to arrange an appointment.

If you are foreign language speaking,  
or are unable to notify us online, please call 07834 698886.

Maternity Notes

## Welcome to the UK Maternity Portal

Access your personal healthcare record and useful resources

powered by  **Badger**net

SHIP LMS Digital Maternity is an NHS programme to support safer, more personalised maternity care across Hampshire and the Isle of Wight, through a common digital maternity system and by giving women access to their personal digital maternity records.
